Delivery Capabilities

- Offshore Delivery Center
- Scalable Resource Augmentation
- Global Delivery Models

Case Study | Telecommunications

Etisalat Egypt

The Challenge

Operating on legacy systems created significant Sourcing & Contract bottlenecks, hindering scale and agility for Egypt's leading telecom operator.

- ✕ **Legacy EBS 11i to Cloud Sourcing & Contract migration required**
- ✕ **Outdated, fragmented Sourcing processes**
- ✕ **Poor Suppliers self-service experience**

Truemega Solution

Engineered a comprehensive migration strategy, transitioning core HR processes into a modernized, scalable Oracle Cloud HCM environment.

- **18-month Oracle Cloud HCM implementation**
- **Complex OIC integrations for legacy apps**
- **Targeted change management program**

Packaging Solutions

The Challenge

Relying on manual production tracking across facilities led to significant operational delays, quality control issues, and roadblocks to scaling.

- ✕ Fragmented manual tracking systems
- ✕ Inconsistent quality & production delays
- ✕ Lack of real-time inventory oversight

Truemega Solution

Engineered and deployed a modernized Oracle Cloud SCM infrastructure to digitize manufacturing workflows and establish an unbreakable chain of real-time visibility.

- End-to-end Oracle Cloud SCM
- Automated production lifecycle tracking
- Standardized ERP quality workflows
- Centralized data command center

The Challenge

As a leading regional manufacturer, operations faced severe scaling hurdles due to highly fragmented and disconnected systems.

- ✕ Disconnected financial systems across 3 plants
- ✕ Gaps across Finance, SCM, & Manufacturing
- ✕ Lack of real-time cost & plan reporting

Truemega Solution

Partnered to architect and deploy a robust Oracle Cloud ecosystem, establishing centralized reporting and bridging business areas into a single source of truth.

- ✓ Oracle Cloud Financials deployment
- ✓ Centralized real-time reporting framework
- ✓ Seamless data integration across modules
- ✓ Unified cross-functional ERP workflows
